ELHAM ABDULLAH AL-QARNI

Faculty Member / Lecturer — Computer Science & Cybersecurity
Jeddah, Saudi Arabia | +966 550272310 | elhammlml0653@gmail.com

PROFESSIONAL SUMMARY

Cybersecurity and Artificial Intelligence faculty member with progressive university teaching experience since 2022 across Saudi institutions (Bisha University, Najran University, and Al-Baha Private College of Science). Research focus on network intrusion detection, data imbalance resampling techniques, and AI applications in security and healthcare. Published research at national and international venues, including the Language Resources and Evaluation Conference (LREC) in Spain. Combines applied research with active curriculum delivery and a continued commitment to professional development in AI-assisted research methods.

EDUCATION

Master of Science in Cybersecurity *2022*
Bisha University, Saudi Arabia

Bachelor of Science in Computer Science *2018*
Al-Baha University, Saudi Arabia

ACADEMIC APPOINTMENTS & TEACHING EXPERIENCE

Faculty Member *June 2024 – Present*
Al-Baha Private College of Science, Saudi Arabia

Faculty Member *September 2023 – December 2024*
Najran University, Saudi Arabia

Teaching Experience *August 2022 – June 2023*
Bisha University, Saudi Arabia

RESEARCH INTERESTS

- Cybersecurity and network intrusion detection
- Artificial intelligence and machine learning applications in security
- Data imbalance and resampling techniques for classification systems
- AI applications in healthcare cybersecurity
- Natural language processing and AI-assisted academic research tools

PUBLICATIONS & SCHOLARLY RESEARCH

LinguArabic at AraSentEval Shared Task: MARBERT for Multi-Dialect Arabic Sentiment Analysis *May 2026*
Language Resources and Evaluation Conference (LREC), Spain

Network Intrusion Detection System: Data Imbalance Resampling *February 2024*
International Journal of Advanced Computer Science and Applications (IJACSA)

Cybersecurity in Healthcare: A Review of Recent Attacks and Mitigation Strategies *May 2023*
International Journal of Advanced Computer Science and Applications (IJACSA)

TRAINING, COURSES & PROFESSIONAL DEVELOPMENT

Artificial Intelligence Mechanisms for Detecting Literary Plagiarism and Paraphrasing *July 2026*

Mastering Research Questions and Gaps Using ChatGPT, Elicit, and Consensus *May 2026*

Cybersecurity Skills Bootcamp: From Beginner to Professional (20 training hours) *August [2024]*

Cisco Certified Network Associate (CCNA) *August 2024*

Certificate of Completion, Artificial Intelligence Camp *February 2023*

Training Course on Professional and Academic Certificates

PROFESSIONAL & COMMITTEE SERVICE

Current Committee Service — Al-Baha Private College of Science

- Graduation Projects Committee, Department of Computer Science
- Academic Advising Committee, Department of Computer Science
- Equivalency Committee (Credit Transfer / Course Equivalency)
- Advising Unit, Al-Baha Private College of Science
- Digital Transformation Committee

Prior Committee Service — Najran University *2023 – 2024*

- Timetable / Scheduling Committee

SKILLS

Technical Skills: Cybersecurity, Artificial Intelligence, Network Intrusion Detection, Data Resampling, Academic Research Methods, Prompt Engineering.
Soft Skills: Time Management, Communication, Teamwork, Working Under Pressure.

LANGUAGES

Arabic — Native
English — Professional / Fluent
